GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

October 04, 2011

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

34 October 4, 2011

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

Dear Supervisors:

**THE HIGHWAY SAFETY, TRAFFIC REDUCTION, AIR QUALITY,
AND PORT SECURITY BOND ACT OF 2006 (PROPOSITION 1B) - LOCAL STREETS AND ROAD
IMPROVEMENT, CONGESTION RELIEF, AND TRAFFIC SAFETY
APPROVE REVISED ROAD CONSTRUCTION PROJECT LIST FOR FIRST, SECOND, THIRD,
AND FOURTH APPROPRIATIONS OF STATE PROPOSITION 1B FUNDS TO THE COUNTY FOR
LOCAL STREETS AND ROADS
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This action is to approve a revised project list prepared by the Department of Public Works for the first, second, third, and fourth appropriations of State Proposition 1B transportation bond funds to the County of Los Angeles.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the revised list of road improvement projects to be financed with the first, second, third, and fourth appropriations of State Proposition 1B transportation bond funds allocated by the State of California to the County of Los Angeles under the Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006.
2. Authorize the Director of Public Works or her designee to approve future revisions to the project list allowing for adjustments of up to 10 percent of the dollar amount for each project on the approved list.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to obtain your Board's approval of the enclosed revised list of road improvement projects to be financed with first, second, third, and fourth appropriations of State Local Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 (LSR) funds allocated to the County of Los Angeles (County). The recommended action will also delegate authority to the Director of Public Works (Director) or her designee to approve revisions to project dollar allocations up to a maximum 10 percent variation in the budgeted amounts of each project without change in project scope/limits. This delegation will enable the Department of Public Works (Public Works) to proceed with the recommended road improvement projects and ensure that the funds are expended by the June 30, 2012, deadline for the first appropriation; by June 30, 2014, for the second and third appropriations; and by June 30, 2015, for the fourth appropriation.

Strategic Asset Management Principles Compliance

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). By addressing local traffic congestion and improving the condition of the roadways in the County, residents of unincorporated County areas and nearby cities who travel on County roads will benefit and their quality of life will be improved.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The first allocation of LSR funds from the State in the amount of \$76.9 million, the second and third allocations totaling \$28.6 million, and the fourth allocation in the amount of \$85 million were received by Public Works in Fiscal Years 2007-08, 2009-10, and 2010-11, respectively, and were deposited into the Road Fund. Project expenditures will continue in Fiscal Year 2011-12 and subsequent fiscal years. Sufficient funds are included in the Fiscal Year 2011-12 Road Fund Budget and the necessary funds to finance future years will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B), which was approved by the voters in November 2006, authorized the sale of \$19.925 billion in general obligation bonds for various transportation programs throughout the State, including congestion relief projects, public transit, and goods movement. One of these programs is the direct allocation of funds to cities and counties under the LSR. Under this program, \$1 billion was allocated directly to counties and \$1 billion was allocated directly to cities. The funds must be used for improvements to address local traffic congestion, street and highway pavement maintenance needs, drainage deficiencies, safety projects to reduce fatalities, and expand ridership on transit systems. Of the \$1 billion allocated to counties, the County has now received its entire share of \$190.5 million after consideration of the State's administration fee.

State Proposition 1B guidelines require that your Board approve the specific projects to be financed with LSR funds. Your Board has previously approved project lists for all four appropriations of LSR funds. However, due to lower than anticipated bids received for many of the projects and some changes in project scopes and schedules, it is now necessary to revise the project lists to expend all of the available funding. The enclosure a revised list of projects reflecting the expenditure of each allocation of LSR funds for each supervisorial district. Amounts previously approved by your Board for each project are also shown.

It is also requested that your Board authorize the Director or her designee to approve future revisions to the project list allowing for adjustments of up to 10 percent in the budgeted amounts for each project. The State allows such minor changes in the project budgets and shifting of funds between the approved projects without governing body approval provided that there are no major changes in project scope nor any deletion or addition of a project. Your Board's authorization for the Director to approve such potential minor adjustments to the project budgets will preclude the need for your Board to act on them.

ENVIRONMENTAL DOCUMENTATION

In accordance with Section 15378(b)(4) of the State of California Environmental Quality Act Guidelines (CEQA), the acceptance of State Proposition 1B bond proceeds does not constitute a project and therefore is not subject to the requirements of CEQA. An environmental review and the appropriate environmental document for each project will be prepared and submitted for your Board's approval at the appropriate time.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Upon completion of the projects, motorists will be provided with safe, smooth, and aesthetically pleasing roadways.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Programs Development Division, for further processing.

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".
